

SUMMER DAY CAMP

NEW LOCATION—THIS YEAR CAMP WILL BE HELD AT CAMP KITCHI-KIPPI
(Between Lyon Lake and Long Lake)—call (269) 781-4867, x5 for more info!

Calhoun Conservation District Summer 2008

This year we have a brand new location on pristine Long Lake. We've been given a wonderful opportunity to utilize Camp Kitchi-Kippi (the former Campfire Girls camp situated between Long and Lyon Lakes, south of Marshall). We have a great staff lined up and ready to roll! With two certified teachers, we have the ability to cater to various age and interest levels. Come one, come all to camp this summer—there's something for everyone!

Weekly Themes - Summer 2008 Ages 5 - 12

Week 1-(July 7-11)-Imagination Creation (finding art in nature)

The natural environment explodes with all kinds of resources perfect for creating one-of-a-kind works of art. We'll ignite creativity thru photography, sculpting & pottery, murals, mosaics, painting, natural fibers, and more!

Week 2-(July 14-18)-Green Thumb Magic

Become a garden wizard when we explore Earth's bountiful treats. Roots, shoots, veggies and fruits set the foundation for activities. We'll explore planting, berry picking, jam & treat creating, garden art, and mini gardens.

Week 3-(July 21-25)-Awesome Aquatics

Take the plunge and plan on getting wet as we discover the wonders of water thru boat building, fishing, wading, and exploring rivers, lakes, and wetlands.

Week 4-(July 28-August 1)-Blast From the Past

We'll embark on a journey thru time exploring the many ways that Native Americans, dinosaurs, and pioneers left their "footprints" on Earth. We'll go dinosaur bone digging, artifact hunting, construct tee-pees, and learn survival skills like archery and cooking over an open fire.

Week 5-(August 4-8)-Habitat Heaven

Look at life thru the eyes of your favorite Michigan critter. We'll explore prairies, woods, water, and wetlands, build bird houses and other animal homes and play wildlife games and activities.

Week 6-(August 11-15)-Survivor Island

Are you ready to accept the eco-challenge? Teamwork and survival skills are the name of the game. Strap on your outdoor gear and get ready to stretch your nature skills thru scavenger hunts, geo-caching, obstacle courses, shelter building, fire making, map/orienteering, hiking, canoeing, and a one-night camp out for those who wish!

Registration Form **(register quickly as space is limited)** **Camp hours 9:00 AM - 4:00 PM**

Camper's name _____ Parent or Guardian _____

Address _____

Home phone _____ Daytime phone _____ Child's age _____

Birthdate _____ Grade completed as of 6/2008 _____

Please indicate which weeks you are interested in registering your child _____
